

Secretary's Report 2022-2023

Peter Lesty

This was the first year where we were fully on the new system. With the main change being that memberships are renewed at the beginning of the year for everyone, rather than date of member registration. There have not been as much issues with the new system, and has allowed us much smoother operations for dealing with membership.

In the new year we implemented free membership during O'Week, which we're happy to report bolstered our numbers once again.

As of writing this we have 117 members fully paid, with a few more that are expected to sign up as the year goes on. We have a high proportion of students which I would attribute to the O'Week special.

A number of signups this year do not have their OW so we're hoping to get a few of them through the course to come diving with us.

As always, the need for student representation is key & I would invite student members to consider joining the committee, to have a strong voice and provide direction to the membership base.

User Type	March '22	March '23
Student	61%	72%
Non-Student	39%	28%

Gender	March '22	March '23
Male	62%	55%
Female	38%	45%
Not Specified	0%	0%
